Proceedings of the meeting held on 26th May, 2006 at 3.30 PM under the Chairmanship of secretary to Government Punjab, Housing and Urban development Department regarding guidelines for Diesel Consumer Pumps of Cooperative Societics.

The following were present:

1. Sh. Arun Khanna, Senior Manger, Consumer Sales, IOC.
2. Sh. D.S. Kainth, Deputy General Manager, IOC.
3. Sh. Gurmeet Singh, Joint Secretary to Govt. Punjab, Housing and Urban Development Department.
4. Sh. Rajinder Sharma, Senior Town Planner, (HQ) O/o Chief Town Planner, Punjab.

At the outset Chairman welcomed the officers. Prevailing guidelines for diesel Pumps of cooperative societies were explained, wherein it has been provided that Consumer Pumps being set up in the Campus of Cooperative Societies are being examined from the storage point of view, pumps coming up on Roads away from the cooperative societies campus are being examined as per the IRC or otherwise applicable guidelines on that particular road.

Representatives of the Indian Oil Corporation classified that the consumer Pumps of cooperative societies are meant only for the consumption/use by the Members of the society and are not open to sale for general public. Therefore, such sites need not to be examined as per IRC guidelines but need to be examined as per storage, guidelines as these pumps do not generate extra traffic. After detail discussion it was decided that the Conumer Pumps of Cooperatives societies henceforth shall be examined as per storage guidelines. However, these sites shall have close entry and exit through single gate or double gate depending upon site conditions and available space with the cooperative societies.

Secretary to Govt. Punjab
